## Technical Skills

---

**Frameworks & Libraries:** React, Next.js, GraphQL, Redux, Zustand, Tailwind CSS, Viem, Wagmi, Web3.js, Zod

**Languages:** JavaScript, TypeScript, Solidity, HTML5, CSS3

**Tools & Platforms:** Webpack, Vite, Storybook, CI/CD, Sentry, AWS/S3, Nginx/Apache

**Specialties:** AI API Integration, Micro Frontends, Web3 Integration, Performance Optimization, UI/UX

## Experience

---

**Senior Frontend Engineer**, Saleshandy 📄

November 2021 - Present

- Increased **user onboarding by 30%** through a **Demo Account functionality** that allows customers to explore premium features risk-free.
- Improved decision-making **speed by 50%** and boosted **engagement by 20%** by delivering interactive analytics dashboards, serving charts in **under a second** for real-time insights.
- Reduced frontend development time by **40% across 3+ products** by leading the development of the **design system and icon library**, ensuring consistent UI/UX.
- Achieved **100% reliable deployments** and eliminated manual release effort by automating **CI/CD pipelines** with quality gates (ESLint, Prettier, build validation, static code analysis) and versioned NPM releases.
- Delivered a **30% faster initial load time** and smoother user experience by **optimizing performance** with bundle analyzer, code splitting, and lazy loading.

**Software Developer**, Qloron Pvt Ltd 📄

June 2020 – October 2021

- Improved **Web Vitals LCP and FCP scores from 60 to 95**, significantly boosting **page load speed** and delivering a smoother user experience.
- Led **frontend development across multiple client projects**, ensuring **on-time delivery** of high-performing web applications that supported long-term maintainability through reusable components and modular architecture.
- Applied **Agile practices** and collaborated using Git for version control and Jira for issue tracking, improving cross-team coordination and accelerating release cycles.

## Projects

---

**Block UI** 📄

Next.js, Tailwind CSS, Motion.dev, Shadcn UI

An **open-source** collection of **plug-and-play Web3 components**, designed to **accelerate dApps development** and enhance developer experience.

## Education

---

**Bachelor of Computer Applications**

July 2017 – May 2020

G.H. Raisoni Institute of Information Technology, Nagpur
